

eARTh Revival Pop-up Seed Library

@ The Blue Mountains Library

eARTh Revival is providing Ontario native plant seeds to residents of South Georgian Bay as part of an Eco-leadership Journey program with the WWF-Canada and Chantier Jeunesse.

Seeds will be available at the Blue Mountains Library from January 21st - 27th.

Seeds are free, and printed germination guides will be available for you to take home with your seeds. We ask that each family only takes up to 5 seed packs, to allow more families in our communities an opportunity to get seeds. The library is providing a curbside pick-up service for the current lockdown, so you will have to call or email them your selection of seeds. Since we aren't able to have a display with our educational material, you can visit our website to learn more about ecological gardening, native plants and pollinators.

Here is the list of the seeds available at the Blue Mountains Library:

<p>Anise Hyssop <i>Agastache foeniculum</i></p> <p>Germination Code: C(30), D</p> <p>Sun Exposure: Full, Partial</p> <p>Soil Moisture: Medium, Medium-Dry</p> <p>Height: 3 feet</p> <p>Blooms: June, July, August, September</p>		<p>Big Bluestem <i>Andropogon gerardii</i></p> <p>Germination Code: A</p> <p>Sun Exposure: Full, Partial</p> <p>Soil Moisture: Medium-Wet, Medium, Medium-Dry, Dry</p> <p>Height: 7 feet</p> <p>Blooms: June, July, August, September</p>		<p>Black eyed Susan <i>Rudbeckia hirta</i></p> <p>Germination Code: C(30)</p> <p>Sun Exposure: Full, Partial</p> <p>Soil Moisture: Medium-Wet, Medium, Medium-Dry</p> <p>Height: 2 feet</p> <p>Blooms: June, July, August, September, October</p>	
<p>Butterflyweed <i>Asclepias tuberosa</i></p> <p>Germination Code: C(30)</p> <p>Sun Exposure: Full, Partial</p> <p>Soil Moisture: Medium, Medium-Dry, Dry</p> <p>Height: 2 feet</p> <p>Blooms: June, July, August</p>		<p>Canada Wild Rye <i>Elymus canadensis</i></p> <p>Germination Code: A</p> <p>Sun Exposure: Full, Partial</p> <p>Soil Moisture: Medium-Wet, Medium, Medium-Dry, Dry</p> <p>Height: 5 feet</p> <p>Blooms: July, August, September, October</p>		<p>Cardinal Flower <i>Lobelia cardinalis</i></p> <p>Germination Code: C(60), D</p> <p>Sun Exposure: Full, Partial</p> <p>Soil Moisture: Wet, Medium-Wet</p> <p>Height: 4 feet</p> <p>Blooms: July, August, September</p>	
<p>Common Boneset <i>Eupatorium perfoliatum</i></p> <p>Germination Code: C(30), D</p> <p>Sun Exposure: Full, Partial</p> <p>Soil Moisture: Wet, Medium-Wet</p> <p>Height: 4 feet</p> <p>Blooms: July, August, September</p>		<p>Common Milkweed <i>Asclepias syriaca</i></p> <p>Germination Code: C(30)</p> <p>Sun Exposure: Full, Partial</p> <p>Soil Moisture: Medium-Wet, Medium, Medium-Dry, Dry</p> <p>Height: 3 feet</p> <p>Blooms: June, July, August</p>		<p>Golden Alexander <i>Zizia aurea</i></p> <p>Germination Code: C(60)</p> <p>Sun Exposure: Full, Partial</p> <p>Soil Moisture: Medium-Wet, Medium, Medium-Dry</p> <p>Height: 3 feet</p> <p>Blooms: April, May, June</p>	

Hoary Vervain

Verbena stricta

Germination Code: C(60), D
Sun Exposure: Full, Partial
Soil Moisture: Medium-Dry, Dry
Height: 2 feet
Blooms: June, July, August, September

Indiangrass

Sorghastrum nutans

Germination Code: A
Sun Exposure: Full, Partial
Soil Moisture: Medium, Medium-Dry, Dry
Height: 6 feet
Blooms: August, September

Lanceleaf Coreopsis

Coreopsis lanceolata

Germination Code: C(30)
Sun Exposure: Full
Soil Moisture: Medium-Dry, Dry
Height: 2 feet
Blooms: May, June, July, August

New England Aster

Symphotrichum novae-angliae

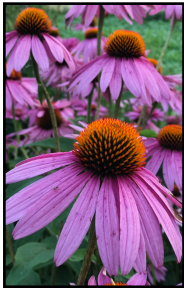

Germination Code: C(60)
Sun Exposure: Full, Partial
Soil Moisture: Wet, Medium-Wet, Medium, Medium-Dry
Height: 5 feet
Blooms: August, September, October

Purple coneflower

Echinacea purpurea

Germination Code: A
Sun Exposure: Full, Partial
Soil Moisture: Medium-Wet, Medium, Medium-Dry
Height: 4 feet
Blooms: July, August, September

Purple Prairie Clover

Dalea purpurea

Germination Code: A
Sun Exposure: Full, Partial
Soil Moisture: Medium, Medium-Dry, Dry
Height: 2 feet
Blooms: July, August, September

Stiff Goldenrod

Oligoneuron rigidum

Germination Code: C(60)
Sun Exposure: Full, Partial
Soil Moisture: Medium-Wet, Medium, Medium-Dry, Dry
Height: 4 feet
Blooms: August, September, October

Swamp Milkweed

Asclepias incarnata

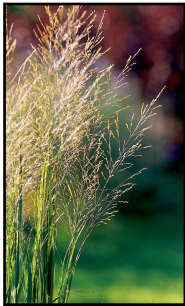

Germination Code: C(30)
Sun Exposure: Full, Partial
Soil Moisture: Wet, Medium-Wet, Medium
Height: 4 feet
Blooms: June, July, August

Switchgrass

Panicum virgatum

Germination Code: A
Sun Exposure: Full, Partial
Soil Moisture: Medium-Wet, Medium, Medium-Dry, Dry
Height: 4 feet
Blooms: July, August, September

Thimbleweed

Anemone virginiana

Germination Code: C(60)
Sun Exposure: Full, Partial, Shade
Soil Moisture: Medium-Dry, Dry
Height: 3 feet
Blooms: June, July, August

Wild Bergamot

Monarda fistulosa

Germination Code: A
Sun Exposure: Full, Partial
Soil Moisture: Medium-Wet, Medium, Medium-Dry, Dry
Height: 4 feet
Blooms: July, August, September
